

California Cities Taking Climate Action

**Climate Change Workshop
California Energy Commission
July 12, 2005**

California Local Governments Engaged in Climate Protection

Arcata	Marin Water Dist.	Santa Cruz
Berkeley	Novato	Santa Clara Co.
Chula Vista	Oakland	Santa Monica
Cloverdale	Petaluma	Santa Rosa
Cotati	Rohnert Park	Sebastopol
Davis	Sacramento	Sonoma
Fairfax	San Anselmo	Sonoma Co.
Healdsburg	San Diego	West Hollywood
Los Angeles	San Francisco	Windsor
Marin County	San Jose	

CCP Participants Commit to Completing Five Milestones

- GHG Emissions Inventory
- GHG Reduction Target
- Local Climate Action Plan
- Implementation
- Monitoring and Reporting

California Cities Taking Action

	<u>CO₂ Tons</u>
• Oakland Energy Efficiency Upgrades -	1705
• Santa Cruz Landfill Gas Electrification -	1845
• San Jose CNG Street Sweepers -	4552
• San Francisco Transit Ridership -	35,286
• Los Angeles Green Power -	23,872
• San Diego Carpool Incentives -	16,903

Local Climate Protection Actions **In California Avoid Each Year**

- ✓ **7.5 million tons** of CO₂e emissions
- ✓ **\$118 million** in energy and fuel costs
- ✓ **12.5 million kWh** of electricity
- ✓ **354,000 gallons** of fuel (gasoline & diesel)

Moving Forward: State – Local Climate Policy Coordination

- State: needs to remove barriers to local climate protection initiatives
- State: should assist local governments in achieving their climate protection goals
- Local Governments: must assist the State in achieving its climate protection goals
